Greetings!

The Alumni of Saint Columbkille have always been a strong, connected group. It is not a surprise to us that during this uncertain time of the COVID-19 virus, you have reached out to offer prayers and support for the students of Saint Columbkille School. We want to reach out to let you know we are here and praying for the safety and healing of all, including you and your families.

We don't realize how important the time we spend together is until we are asked to stop. We'd like to offer ways to stay connected with each other as many of you shelter in place. We have a few ideas, including workshops on how to use video capabilities with Zoom effectively to stay in touch, electronic newsletters, and access to our pop-up food pantry if you are in need of a few extra groceries.

To do this, we need email addresses. Please share this email with other alumni and ask them to click on the link below to ensure we can capture everyone's email address.

Share your email address

We are so appreciative of all the support our alumni have provided over the years and now, want to give you support to get through these trying times. We have included some links on the alumni page to help you stay connected. Click here for information on how to stay connected.

Stay well! Keep each other company (virtually) and please think of the children who are following in your footsteps. Watch the video below to see how our families are staying Columbkille Strong!

In Gratitude,

William Gartside, Ed.D.
Head of School

Watch our students and teachers connect from home

In less than one week, our school has become virtual. Preschool students are attending Zoom video classroom meetings with their teachers and classmates. The elementary students are conducting science experiments with household products and the middle school students are using Google
Classroom to keep up with school work. Video faculty meetings are being conducted via Zoom with all 60 staff present. We begin our day with prayer every morning at 9 a.m. and are still able to wish a Happy Birthday to anyone in our community who is celebrating. While none of our virtual set-up replaces face-to-face interaction, it does help create a routine while staying connected to each other.

Keep In Touch

Keep up with Saint Columbkille news on our Saint Columbkille Alumni Facebook page. "Like" and "Follow" the page by clicking on the link below.
